CIRCULAR

Sub: Allowing Ag. Consumers to install more than one motor against Ag. Connection.

Ref: 1. Dist. Circular No. 657 issued vide Letter No. OM/  
Tech/CRC/2875 dt. 8.10.96

2. Corrigendum Dist. Circular No. 657 issued vide letter No.  
OM/Tech/CRC/2/5020 dt. 12.12.1996

It is observed in some of the cases that the applicants have been taken disadvantage of the Voluntary Disclosure Scheme for Ag. connections by demanding additional load for using more than one motor. As noted, the objective of the VDS is only for regularizing additional load for using of motor having capacity in excess than sanctioned load due to increased depth of ground water. The consumer cannot be allowed under VDS for using additional motor on existing connection on bore / well in same survey number.

In view of above, the Circular No. 657 with its corrigendum issued by erstwhile GEB has now been put in abeyance with immediate effect. It is requested to intimate all field offices accordingly.

  
Chief Engineer (GUVNL)
