Subject	Consumer Grievances Complaint No. MG-II-17-2024-25
Complainant	M/s. Farmson Pharmaceutical Gujarat P Ltd., (Unit I), Plot No.40 / 1 & 2, GIDC Industrial Estate, Nandesari, Dist: Vadodara
Respondent	Shri H J Shah, Executive Engineer and Shri H R Patel (Billing) both from Baroda (O&M) Division of MGVL
Date of hearing	22.08.2024 at MGVL Corporate Office, Vadodara

QUORUM	NAME
Chairperson	Shri S P Trivedi, Vadodara
Technical Member	Shri V N Rathva I/c ACE-(RA&C) MGVL Vadodara

The complaint dated 29.07.2024 regarding discrepancies in electricity bills from M/s. Farmson Pharmaceutical Gujarat P Ltd., (Unit I). HT con No.14158 for their unit located at Plot No.40 / 1 & 2, GIDC Industrial Estate, Nandesari, Dist: Vadodara.

1.0 On 22.08.2024, the case of the Complainant Grievance was heard before Consumer Grievance Redressal Forum wherein Shri Bharat Trikambhai Kadivar and Shri Anilkumar Gopalbhai Patel appeared on behalf of complainant M/s. Farmson Pharmaceutical Gujarat P Ltd., (Unit I). whereas Shri H J Shah, Executive Engineer and Shri H R Patel (Billing) both from Baroda (O&M) Division, appeared as respondent on behalf of MGVL before the Forum. Both the parties were heard.

2.0 The brief history of the case is as under:

2.1 M/s. Farmson Pharmaceutical Gujarat P Ltd., (Unit I). is having 1400 KVA Contract Demand HT consumer No.14158 for their unit located at Plot No.40 / 1 & 2, GIDC Industrial Estate, Nandesari, Dist: Vadodara. The connection was released on 18.01.2016 for manufacturing purpose.

2.2 The complainant had complained for some discrepancies in their energy bills to the respondent Executive Engineer (O&M) Baroda division office of

MGVCL vide letter dated 20.03.2023 and 11.07.2023. Respondent Executive Engineer (O&M) Baroda division has replied vide letter dated 28.07.2023 but not satisfied by the said reply, hence the complaint is submitted to CGRF for the following.

2.2.1 As per Gujarat Electricity Duty Act, 1958, the duty is to charge on consumption only and not on demand charge and difference is to be refunded to them.

3.0 The representative of the complainant contended that -

3.1 The complainant has 1400 KVA HT connection bearing consumer No.14158 in the name of M/s. Farmson Pharmaceutical Gujarat P Ltd., (Unit I) for their unit located at Plot No.40 / 1 & 2, GIDC Industrail Estate, Nandesari, Dist: Vadodara.

3.2 The complainant had applied for discrepancies in their enegy bills to the respondent Executive Engineer (O&M) Baroda division office of MGVCL vide letter dated 20.03.2023 and 11.07.2023. Respondent Executive Engineer (O&M) Baroda division has replied vide letter dated 28.07.2023 but not satisfied by the said reply.

3.3 As per Gujarat Electricity Duty Act, 1958, Section 15 (iv) (a) (b) only on consumption, eletricity duty is to be charged. In their electricity bill, Electricity Duty Act 1958 is not followed and on demand charge, 15% duty is charged.

The Gujarat Electricity Duty Act, 1958, SCHEDULE-I, PART-I (3), 'where an industrial under taking consumes high tension energy; 15% percent of consumption charges is to be charged and clarify as under:

- i. Where no energy has been consumed by a consumer, minimum charges payable by him shall not be deemed to be consumption charges.
- ii. Where the units of energy actually consumed by a consumer are less than the units of energy for which prescribed minimum charges are payable "consumption charges" shall, in the case of such consumer,

mean the charges for the units of energy actually consumed by him and not the prescribed minimum charges.

- iii. As per above clarification, on minimum charge Electricity Duty is not to be charged. As per GERC Tariff order, demand charge is to be charged as minimum charge. Respondent MGVL is wrongly charging 15% Electricity Duty on demand charges which is not to be charged.

As per Gujarat Electricity Duty Act, 1958, Electricity Duty is to be charged on consumption only i.e. excluding fixed charges. For example, Electricity Duty charged for bill of Feb 2024 and excess charged to be refunded. Infact, as per Gujarat Electricity Duty Act, 1958, the duty is charged on consumption only and not on demand charge. Thus, Electricity Duty is to be charged only on consumption charges of Rs.4,28,273.29 ,whereas MGVL have recovered Electricity Duty on Rs.4,72,560.79, Hence , Rs.44,287.50 recovered more than liable charge in this Bill, has to be refunded to them.

Similar to above, from March 2016 to June 2024 Electricity Duty need to be calculated again as per Rules, and additional amount recovered must be refunded with interest to them. The complainant has submitted a calculation sheet from March 2016 to June 2024, showing additional amount recovered as Rs.22,59,439.58 towards Electricity Duty. Now onwards Electricity Duty to be charged only on consumption charges as per norms.

4.0 The respondent has contended as under:

4.1 As per schedule-1, explanation given in the Notification, Gujarat Electricity Duty Act 1958, the expression "consumption charges" means the charges payable by a consumer to a licensee but shall not include any of the following charges namely :

- i. Meter charges
- ii. Interest on Delayed Payment Charges
- iii. Fuse off call charges and reconnection charges
- iv. The losses of energy sustained in transmission for transformation by licensee per person before supply to a consumer;

Provided that-

- (a) Where no energy has been consumed by a consumer, minimum charges payable by him shall not be deemed to be consumption charges;
- (b) Where the units of energy actually consumed by a consumer are less than the units of energy for which, prescribed minimum charges are payable, "consumption charges" shall, in the case of such consumer, mean the charges for the units of energy actually consumed by him and not the prescribed minimum charges;
- (c) Where any person supplies electrical energy to any other person (herein referred to as "the receiving person"), the charges payable by the receiving person for such quantum of power to the distribution licensee under Section 14, who is engaged in the business of supplying energy within the area where the receiving person is located, shall be deemed to be consumption charges for such supply of energy.

In view of above, MGVCL have never calculated electricity duty on above mentioned charges. If no energy has been consumed by the consumer, in that case no electricity duty is chargeable. The billing is correct as per Gujarat Electricity Duty Act, 1958.

Accordingly, the demand is not considerable.

5.0 The Forum Members present at the hearing considered contention of both the parties and perused the records and considering them in detail, findings are as under:

5.1 The respondent MGVCL has billed the complainant levying electricity duty as per Gujarat Electricity Duty Act, 1958.

5.2 As per Gujarat Electricity Duty Act, 1958, Schedule-I, Part II, where any dispute arises, the dispute shall be referred to Appropriate authority as specified by the State Government.

O R D E R

6.0 The Forum has come to the conclusion that the respondent MGVCL has billed the complainant M/s. Farmson Pharmaceutical Gujarat P Ltd., (Unit I), HT

Consumer No.14158, at: Plot No.40/1 & 2, GIDC Industrial Estate, Nandesari,
Dist: Vadodara levying electricity duty as per Gujarat Electricity Duty Act, 1958.
For any dispute / clarification in levy of electricity duty, the complainant may
approach The Collector of Electricity Duty, Gandhinagr / Appropriate authority.

In view of above, the request to recalculate electricity bills from March 2016 to
June 2024 as per method put by the complainant and refund the additional
amount recovered, cannot be considered.
